#### 4. Treasurer's Report

Treasurer Boudreau reviewed the Draft Compilation Report for the years ending June 30, 2008 and 2007 dated January 28, 2009.

Ms. Boudreau noted a \$12,000 decrease in assets. The overall report was in line with last year. The Liabilities have gone down and that was a positive sign.

Ms. Boudreau then reviewed the Profit and Loss statements for the Council dated January 26, 2009.

The Board asked about the APR on the Credit Cards and asked questions about how they were being paid and their credit amounts. They suggested speaking with other Credit Card Companies in an effort to lower the APR.

Mr. Billington requested all Board members review the financial statements in depth and call with any questions or concerns.

Ms. Boudreau asked to meet with the Council's new accountants and Natalie Carter will set up the meeting.

On a MOTION by Mr. Rondeau and a Second by Mr. Eno the reports submitted and explained by Ms. Boudreau were accepted as presented.

The Operations of the Explorer and the Samuel Slater. Mr. Billington advised the Board that Boat operations lost about \$40,000 last year and felt that if \$50,000 were not secure, the boats may be in jeopardy of being on the Blackstone River this year. The Board suggested that possibly naming rights for the Explorer could be secured. They suggested a host or corporations that might be contacted for help. Ms. Boudreau suggested that possibly a person of wealth might be found and a reception held in his honor.

Mr. Billington asked that the Board become more active in securing solutions that might keep the boats floating on the Blackstone River this year.
